

## **Overview for Task Management System**

### **1.Homepage:**

Includes the company logo, system interface overview, and system goals or objectives.

### **2.Topbar:**

**Topbar(Navigate):** Located at the top of the page, it includes a search bar and user avatar.

### **3.User Login/Registration Page:**

Allows users to log in or sign up for the system. The form includes input fields for username, email, password, and login/sign-up buttons.

### **4.Dashboard Page:**

Displays data visualizations and key performance indicators (KPIs) related to user tasks and system activity.

### **5.Task Page:**

Allows users to create new tasks with form inputs for task title, description, due date, and assigned users.

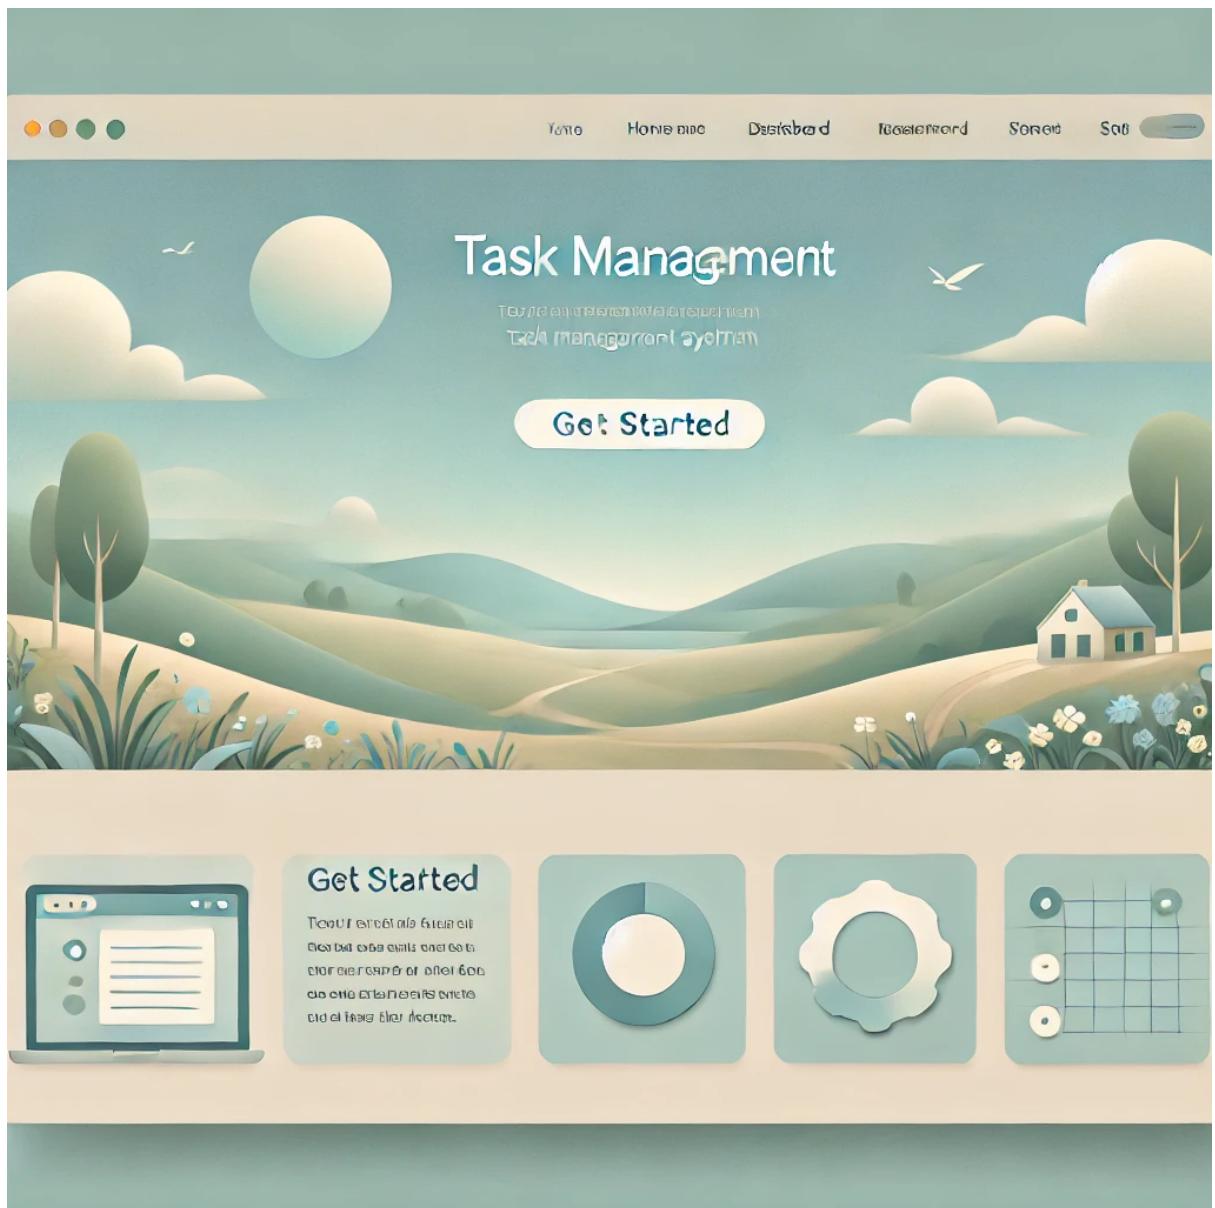

### **6.User Profile Page:**

Displays detailed information about the user, including username, email, profile picture, and task history.

## **Brief description of main page layout**

### **1. Homepage Layout**

- **Background:** Soft, neutral tones to avoid distractions
- **Logo:** centred at the top, slightly larger than the other elements, simple and clean.
- **System Objectives:** Under the logo, text describing the system's purpose in a straightforward, readable font.

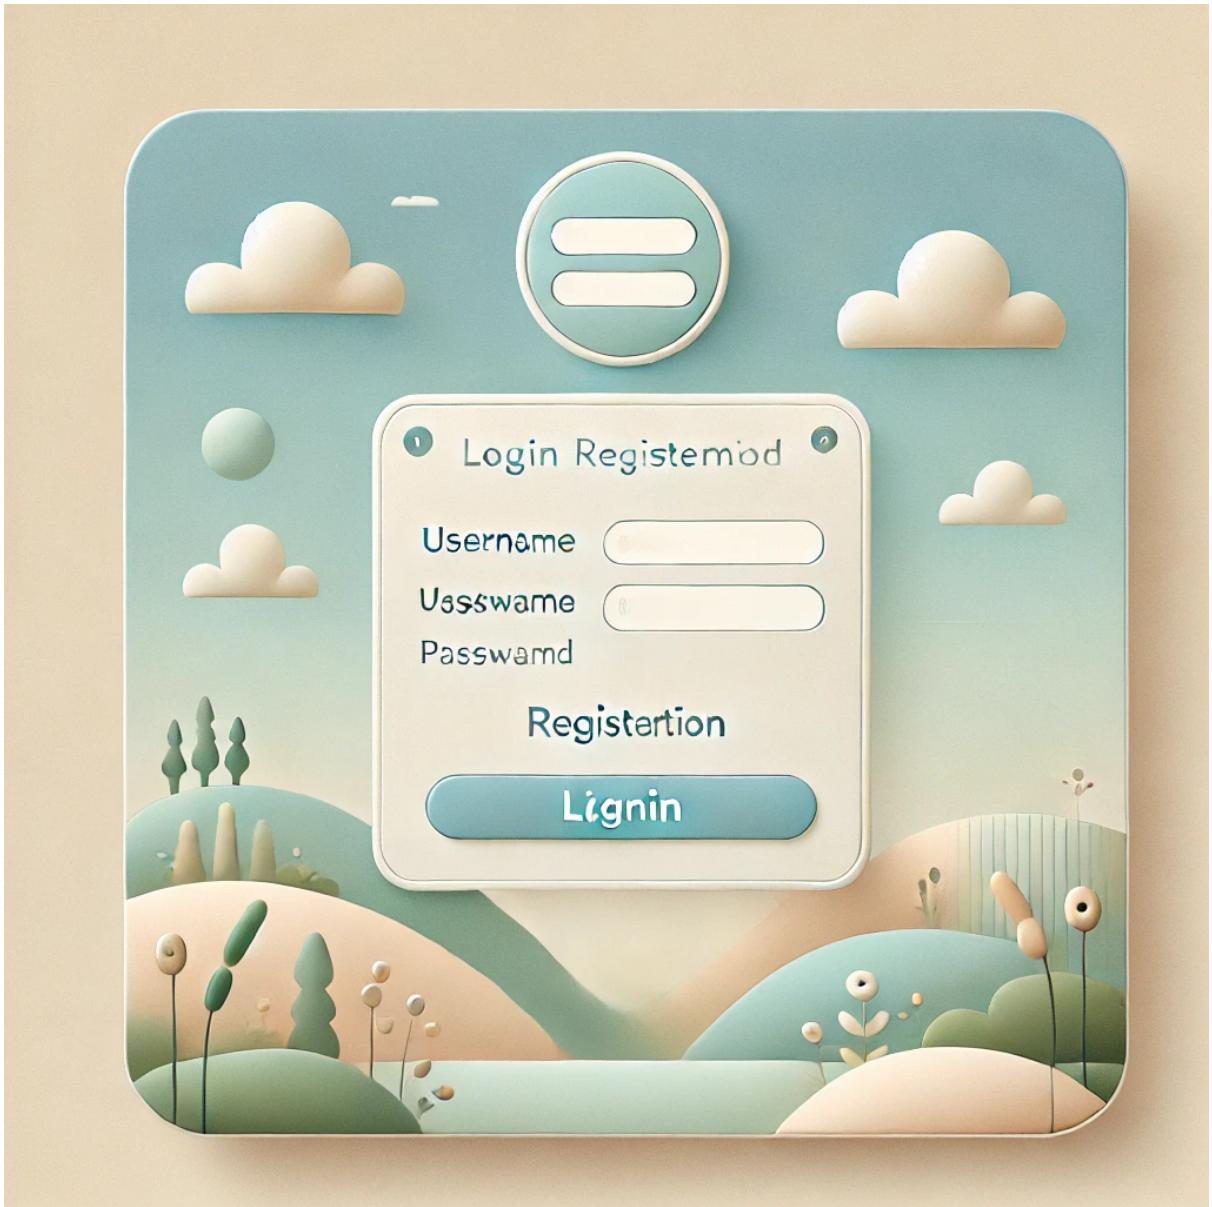

## 2. Topbar Layout

- **Background:** Soft, neutral tones to avoid distractions.
- **Topbar:** A small search bar icon with a clean input field for text. List items (Dashboard, Tasks, Sign Out) .

## 3. User Login/Registration Page Layout

- **Background:** Soft, neutral tones to avoid distractions.
- **Input Fields:** Like the image, two simple lines for “Username/Email” and “Password”.
- **Button:** Similar large, rounded "Login" button below the fields.

- **Additional Options:** Below the button, a "Forgot Password" link, similar to the "Forgot password" link from your image.

#### 4. Dashboard Page Layout

- **Background:** Soft, neutral tones to avoid distractions.
- **Top Section:** A title like “Dashboard” in the top centre.
- **Body:** Several widget-like elements (similar in style to the input boxes in the image), displaying different data such as charts, task status, or stats.

## 5. Task Page Layout

- **Background:** Same clean design, matching the login page.
- **Header:** A title like "Create New Task" centred at the top.
- **Input Fields:** Several horizontal lines (like the image) for task title, description, due date, etc.
- **Button:** A large, rounded "Submit" button centred at the bottom.

## 6. User Profile Page Layout

- **Background:** Same clean design, matching the login page.
- **Profile Picture:** Displayed at the top, followed by user details (username, email).
- **Body:** A few rounded buttons for actions like "Edit Profile" and "View Task History", styled similarly to the buttons in the image.
